

*"The voters of New Hampshire have a right to a truthful and straightforward understanding of the positions, accomplishments, and policies of those who represent us, and those who seek to represent us." – NH Asks*

## Welcome to New Hampshire! Senator Mike Gravel

Please provide straight-forward & truthful answers to these questions:

- ★ What are the real and true reasons our country invaded Iraq, including the role AIPAC plays in influencing our Middle East policy, as well as our real and current objectives in the region?
- ★ If it were proven that VP Cheney fabricated the stories that Saddam had W.M.D.'s, or about his involvement with terrorism as pretexts for invading Iraq, would that type of fraud against the US (which is a felony under 18 U.S.C. Section 371) be an impeachable offense, in your opinion?
- ★ All summer we've heard from candidates about a grab-bag of technologies and timetables with regard to fighting global warming. But will you commit to a comprehensive climate action plan that takes full advantage of the Office of President, and commit to implementing that plan within six months of your Inauguration? And if so, what will be in your plan?
- ★ In a Gravel Administration, which would be 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> in priority as criteria for executive and departmental appointments: Loyalty, Ideology, Competence, and Experience?
- ★ Do you believe that publicly revealing the name or identity of a covert CIA agent by government officials or journalists is permissible under any circumstances?
- ★ The Fifth Amendment contained in the Bill of Rights of the US Constitution states in part: *No person shall...be deprived of life, liberty or property without due process of law.* As President, do you pledge to uphold this provision 100% and without exception?
- ★ You've proposed a national initiative program which grants citizens the right to put measures on the national ballot.. But with all the recent talk of election rigging and fraud, how can you assure us that all such votes will be properly counted?
